

ROYAL GREETING TO HERO OF MANILA BAY

Admiral Dewey and Party Reach Chicago This Morning.

ENTHUSIASM OF THE PUBLIC IS AT A HIGH PITCH.

The Windy City's 2,000,000 Citizens and 100,000 Visitors Pay Tribute to the Brave Sailor—Official Reception on the Incoming Train—Admiral's Salute of Seventeen Guns fired on His Arrival—Escorted From the Depot to the Auditorium—Mrs. Dewey Attended by a Committee of Leading Women—Grand Receptions This Afternoon—The Grand Naval and Civil Ball Tonight.

Chicago, April 30.—[Special Telegram]—Dewey is in Chicago.

The men and women from Fort Madison, Rock Island, Dubuque, Clinton, Prairie du Chien, Madison, Milwaukee and the far Michigan shore were arriving in Chicago all of yesterday and this morning. The Auditorium, Palmer House, Great Northern, Grand Pacific, Saratoga and Sherman house showed this.

Want to See Dewey
The visitors were not so anxious to see Chicago, with which they are reasonably familiar, as Dewey, the sea fighter. Dewey "enthusiasm" is something the country folk will never get over. City folk may tire of it as they do of everything, but Dewey will always be the "hero of Manila Bay" to the man of the country, the man who ranks the Constitution and the Declaration of Independence next to his Bible.

Dewey always dresses in good taste, even when going to battle. Back in the almost forgotten days when he was building up his name as a naval officer on the Mississippi, he had the reputation of being the most fastidious dresser in the navy.

Shoes Must be Polished
"Dewey'll fight," said a middy of that long ago, "but he wants his shoes polished first."

If history is to be believed, he changed his costume twice during the battle of Manila, and although under fire during the entire engagement, was the smartest looking man in the entire fleet when it was over. Today, coming to the cordial West, he was attired in a neat frock suit that fits him like a glove and his hat is a shiny silk top. Mrs. Dewey is radiant in a gown of creamy silk material, and in her hands she holds a bunch of roses. Lieutenants Caldwell and Crawford stood with the Admiral and his wife as the train reached this city. At a car window the imported Chinese servant of the Admiral—his "yellow" boy—peered out, but betrayed no emotion.

An Official Welcome
Mayor Harrison, George Goodwin Dewey, and the members of the general executive committee left the Grand Central Station promptly at 8:30 o'clock this morning. They met the admiral's train a short distance below South Chicago, where the cars bearing the Chicago party were attached to the special bearing the admiral and party. During the run of the train into Chicago, which consumed an hour, an official welcome was given to the admiral.

Glad to See His Son
Mayor Harrison and the special committee met the Admiral's special train at South Chicago, but the mayor's welcoming speech was spoiled by the action of Dewey, who on seeing his son brushed by the committee to shake the young man's hand and ask him how business was.

On the way in Manila's hero told stories of a personal nature, laughed and displayed a gold watch presented to him by the school children.

While the special was passing through the yards near Thirty-Eighth street, twenty five men gathered on top of box-cars shouted "scab" and shook their fists at the train. Richard Dale of Olympia and J. D. Clark of Boston, who were with Dewey at Manila, were among the people at the depot.

Great throngs of people lined the streets and the Admiral was given an ovation such as few have received in Chicago. The hero kept bowing to the upturned faces, but appeared glad when the hotel was reached, where luncheon was served soon after.

Upon the arrival at the Grand Central Station at 11 o'clock the party took carriage and proceeded to the Auditorium

Annex. Mrs. Dewey, accompanied by Mrs. Bryan Lathrop, Mrs. Carter H. Harrison, and Mrs. Charles A. Plamondon, went direct to the Annex, while the others made a detour to Jackson boulevard.

The order of the escort was as follows:

Platoon of police.
Major B. F. Alsip and staff, commanding escort.
First Cavalry I. N. G.
Guard of honor, Illinois Naval Reserve Veteran association.
Carriage containing Admiral Dewey, Mayor Harrison, and Charles A. Plamondon.
Carriages containing Lieutenant Caldwell, Lieutenant Crawford, and members of the Chicago Committee.

Fired the Admiral's Salute.

As the escort approached the elevated loop on Fifth avenue a member of the different elevated tower stations, and all Signal Corps wig-wagged the signal to the trains on the loop stopped running until the escort passed under the structure.

When the escort crossed Dearborn street, in Jackson boulevard, another signal was "wig-wagged" from the top of the Great Northern Hotel to the Auditorium tower. This was the signal for the firing of the admiral's salute of seventeen guns from the land battery stationed in the Rock Island yards.

As the escort turned into Michigan boulevard the naval salute was fired by the revenue cutter Merrill, stationed in the basin off the Lake Front Park.

Admiral and Mrs. Dewey, upon their arrival at the Auditorium Annex, occupied the suite comprising Rooms 1202, 1204, 1264, and 1266. Members of the Woman's Reception committee supervised the arrangement of the rooms.

Breakfast Was Informal.

After the Admiral and party arrived at their headquarters the entertainments, receptions, balls, and banquets as provided for in the program mapped out, commenced.

The breakfast given by the Woman's Reception committee to Admiral and Mrs. Dewey and party and members of the General Executive committee was informal and for the purpose of permitting the members of the Chicago committee to become acquainted with the city's guests.

The reception of the Canadian American association to the admiral followed. During the reception the association extended an invitation to the admiral to visit Canada at some future time convenient to himself.

The naval, military and civic reception and ball will be given at the auditorium tonight. All the boxes have been sold and practically all the tickets have been disposed of.

Lake Front Illumination Tonight

The illumination on the lake front each night will be a unique feature. Over 15,000 electric lights will be used. They will be strung from Jackson boulevard to the south end of the park. They will be lighted for the first time tonight at 7:30 o'clock.

Attention has been called to the fact that during the trip of the Admiral down the drainage canal in the Hindu the boat will pass within 500 feet of the place where Father Marquette "cabined" during the winter of 1674 and 1675. The point is near Robey street. At Summit the party will pass near where Father Marquette landed after being driven out of his winter quarters by the spring freshet. The exact place is marked by a monument.

The down town streets will be brilliantly decorated this evening. In addition to the customary lights, many of the merchants have decorated the fronts of their stores. Several outline designs of the Olympia will be lighted up for the first time. Numerous large pictures of

the Admiral encircled by electric lights will be seen.

DEPARTURE FROM WASHINGTON

Dewey Party Has a Magnificent Train on Baltimore and Ohio Line.

Washington, D. C., April 30.—Admiral and Mrs. Dewey started West at noon yesterday in a special train over the Baltimore and Ohio railroad. The party is a private one, including only the Admiral, his wife, his secretary, Lieutenant Crawford; Mrs. Dewey's maid and the Admiral's servant.

The Deweys have one of the private cars of the road for their personal use, and two other cars are used. These cars have all the modern improvements. One is dubbed the "Club car," and was christened by delegates to the famous Gridiron dinner in New York, or rather when this club dined with the Lotus club in that city. The floor is covered with a magnificent carpet, and throughout are a series of large and small tables. There is also a buffet department where light lunches will be served. This will be used as a reception and dining room on the trip. A third car has baggage compartments, two bath rooms and six sleeping sections; large water tanks and heaters are arranged in the baggage end, so that the occupants of the train may know all the comforts of home en route.

Says Trip is Not Political

Pittsburg, Pa., April 30.—The train over the Baltimore and Ohio railroad bearing Admiral Dewey and party from Washington to Chicago, arrived in Pittsburg on schedule time.

No reference was made to politics given during the trip except once, when the admiral said he sincerely hoped that the people would understand that this was not a political trip, but that he was simply going round the circle in response to invitations received long before he decided to come out as a candidate for president.

At Conneville probably 5,000 people had assembled at the station to greet the admiral.

IN SAFE POSITION NEAR BRANDFORD

Boer Commandos Retreating From Dewetsdorp and Wepener are Again Located for a Fight.

Pretoria, April 30.—[Special Cablegram]—The commandos retreating from Dewetsdorp and Wepener have arrived in a safe position near Brandfort, north of Bloemfontein.

SUPREME COURT ON GOV. TAYLOR'S CASE

Arguments in the Kentucky Political Trouble Being Made in Washington Today.

Washington, April 30.—[Special Telegram]—A large crowd was attracted to the supreme court chamber this morning to hear the arguments in the Kentucky governorship case. At half past twelve the case was taken up, Judge Bruce being the first to submit an argument for Taylor. Each side is limited to four hours, which will carry the case over till tomorrow. "Political oppression" is what Bruce called the conditions which he asked the highest tribunal to correct. "It is a fight for constitutional right and liberty," he said. He made an eloquent appeal before he launched into the recital of the history of the famous case.

A SWELL WEDDING IN NEW ENGLAND

Daughter of E. C. Benedict Gets a Million Dollar Check as a Wedding Present.

Greenwich, Conn., April 30.—[Special Telegram]—The swellest wedding in New England for some time was that of Miss Helen Benedict, daughter of E. C. Benedict to Thomas H. Stings the New York architect this afternoon. Everything was on an enormous and grand scale. The decorations in the Second Congregational church were elaborate. The bride was the recipient of costly gifts. It is said her father gave her a check for one million dollars. Grover Cleveland and his wife were guests. The couple left on a trip east in the yacht Oneida.

TWO MILLION SOULS AND \$20,000,000

Bishop J. M. Thoburn Plans a Great Methodist Missionary Crusade.

ARMY 100,000 STRONG

Each Layman Recruit Will Be Asked to Bring in Twenty Souls and \$2,000.

LABORING FOR THE BIG FUND

Chicago, April 30.—A Methodist army, 100,000 strong, consecrated and banded together for the salvation of souls, may be one outcome of the great gathering of Methodism which is about to be held in this city.

Bishop J. M. Thoburn, whose field of work is India, and who has been a missionary and a leader of missionaries nearly all his life, is the man who will propose to the general conference this great crusade, and whose eloquence will urge that it be at once begun.

Full of Missionary Spirit

Methodism is now one of the Christian denominations which is fullest of the missionary spirit. It began in revivals of practical religion, and it has spread ever since by the aid of revivals. The individual church which does not hold special meetings once or twice a year to awaken the religious spirit of its members and to add converts to the flock is not considered in proper touch with the Methodist idea. Through its missionary societies the church reaches out in its evangelical work over the entire globe.

It was only a fitting manifestation of Methodism, therefore, when a year and a half ago a cry was raised in the church for a twentieth century offering to the Lord. "Two million souls and \$20,000,000," was the slogan that was sounded. It was in planning how best to carry out this idea that Bishop Thoburn hit upon the scheme of his consecrated army.

Great Force of Lay Workers.

The Methodist church which has now about 2,870,000 members has nearly 17,000 effective preachers engaged in its work. To them must be added 14,000 men known as lay preachers who assist regularly in gospel work though they are not ordained as ministers. These are the men who do the regular work of the church.

What bishop Thoburn would do, however, is to add to them a force of 100,000 church members who would consecrate themselves to give up partly or entirely their regular business occupations and to think and work only for the salvation of the souls of their fellow men. He would organize them as strongly and firmly as the Salvation Army and the Volunteers are organized keep them full of zeal for evangelical labors and engage them to a year's work with one end in view. If 2,000,000 converts can be added to the church through them he would consider their work well done. If more were added he would not be surprised.

Working For the Big Fund.

Already the church has a commission charged with the raising of the \$20,000,000. Bishop Andrews is the president, J. E. Andrus first vice president and William Deering second vice president. The call for the \$20,000,000 was issued in November, 1898, the money to be subscribed within three years from Jan. 1, 1899.

The last reports to hand show that thus far \$5,551,795 has been subscribed, that total not including moneys for the support of superannuated preachers or for city evangelization work.

PINGREE A DEMOCRAT

Michigan's Erratic Governor Hopes the Democrats Will Win Next Fall.

Detroit, Mich., April 30.—Gov. Pingree asserted in an interview today that the hope of the people in this year's general elections is in the democratic party. The governor has always hitherto been an independent republican. Speaking of the increasing power of trusts, Gov. Pingree said: "There is no use in hoping that the republican party will do anything with them."

"Are you preparing to announce your withdrawal from the republican party?" the governor was asked.

"There is no announcement about it. I only say what I have said all the while. You haven't heard me say anything against the democrats for some time. I believe that the hope of the people is in the democratic party this fall."

St. Louis Will Get \$5,000,000.

Washington, April 30.—[Special Telegram]—A favorable report on the bill for an exposition of the centennial of the Louisiana purchase it expected from the house Thursday or Friday. The president at noon signed the bill providing for a government for Hawaii.

GETS A TEN YEAR SENTENCE

William F. Miller of the Franklin Syndicate Goes to Prison.

New York, April 30.—[Special Telegram]—William F. Miller of Franklin Syndicate fame, was sentenced to ten years, the full penalty, this morning.

Informal announcement is made of the engagement of Alfred Gwinne Vanderbilt to Miss Elsie French, daughter of the late Francis O. French. Miss French is heiress to ten millions; the young man has thirty-five millions.

Oshkosh, Wis., April 30.—Chinamen from various Wisconsin cities congregated in Oshkosh yesterday, when Masonic degrees were conferred. A vacant store was rented and fitted up as a lodgeroom. Gong Hoar of New York, the head of Chinese masonry in this country, presided. In the evening there was an elaborate banquet at which a Chinese band of six instruments was present.

HE SENT A BULLET THROUGH HIS BRAIN

SUICIDE OF EX MAYOR HERMAN ERB OF APPLETON.

Just Back From Wauwatosa Sanitarium—Had Been Under Treatment For Mental Trouble—His Condition Originally Brought on by Worry Over Library Building Imbroglio.

Appleton, Wis., April 30.—Ex Mayor Herman Erb, Jr., shot himself in the right temple at about 7 o'clock yesterday morning. He had just returned home from the Wauwatosa sanitarium, where he had been under treatment for more than four months for nervous and mental troubles.

His malady was originally brought by insomnia and mental worry, supposed to have been caused by the library and city hall imbroglio of last winter. He had been late in improving at the sanitarium and had been pleading to be allowed to return home. His father, Cashier Erb of the First National bank, went to Wauwatosa for him Saturday, and they returned together on the afternoon train. The invalid seemed quite cheerful during the evening, and plans were discussed for a trip abroad to be undertaken in about two weeks.

At 7 o'clock yesterday morning, before the family had arisen, the sound of a shot was heard, and upon going to his room, he was found lying on the bed, dressed except for a coat, and with a bullet hole in his temple. Death had been instantaneous. The revolver he used was one he had owned for many years.

The tragedy has caused a profound shock throughout the city. Flags everywhere are at half mast. The blow is a terrible one to his family and friends.

The funeral will be held at 4 o'clock tomorrow afternoon.

The young man was mayor for the years, 1897, 1898 and 1899. He was born Jan. 31, 1873, and was one of the youngest in the country to occupy so important a position. He had been employed for ten years in the First National bank, and for several years past was receiving teller. He was universally respected and admired for his high character and business ability.

FOREST FIRES RAGE IN NORTH MICHIGAN

The Little Town of Ames Practically Wiped Out—The Loss Will Reach \$30,000.

Marquette, Wis., April 30.—[Special Telegram]—Forest fires raged furiously north of Fisher, Michigan along the right of way of the Wisconsin and Michigan railway Saturday and Sunday. The property damage will be large. The station water tank and other property of the railway company and a large cedar yard belonging to the Worcester company at Ames, Michigan were destroyed by fire. The town was practically wiped out entailing a loss of about \$30,000 or more. Considerable cedar stock at Nathan, Mich., was also destroyed.

Detroit, Mich., April 30.—[Special Telegram]—Michigan was fire-swept today. Forest fires in Menominee county are doing immense damage. Ames and Naton, lumbering hamlets are reported wiped out and a special train has been sent out to rescue the inhabitants. Gladwin, Gladwin county, lost half of its business portion, eight residences and twenty eight buildings; losses, sixty thousand dollars. Athena, Calhoun county, ten buildings burned, twenty thousand dollar loss.

She Was Addicted to Smoking

Necedah, April 30.—[Special Telegram]—Mrs. J. Johnson a resident near here, was burned to death. She was addicted to smoking, and was blind, and it is supposed her clothing caught fire from her pipe. When found by neighbors, she was lying out doors dead, with her clothing entirely burned off, and the house was in flames.

MUST DEFEND THE MONROE DOCTRINE

Clash Between U. S. and Europe Certain to Erupt in Time.

ROOT GIVES WARNING

This Country Should be Fully Prepared For Any Such an Emergency.

STRONG NAVY IS NECESSARY

Washington, D. C., April 30.—Secretary of War Root's declaration in New York last week that the United States will have to abandon the Monroe doctrine or fight for its maintenance has attracted a great deal of attention here. In relation to his New York speech Secretary Root said today:

"The spirit of colonization and of commercial conquest and political aggrandizement is now pretty strong throughout the world. Against certain manifestations of this spirit, so far as the American continent is concerned, we have set up the Monroe doctrine. Sooner or later the world spirit and the American doctrine are likely to come into conflict. It may not be for ten or twenty or fifty years, but when the collision does come I say the United States should be ready for it."

Secretary Root has voiced the opinion of many of the most observant public men in Washington. A clash of European interests with the Monroe doctrine is regarded as well nigh inevitable. When it comes no one expects American to take the path of retreat. The administration which should abandon the doctrine would remain in power only till the people could replace it with another.

Public opinion seems to be pretty nearly unanimous in support of the Monroe principle, and there is therefore, in the opinion of prudent men, all the more reason why the United States should prepare to maintain its contentions. This means a steady upbuilding of the navy and a rational and scientific improvement of the army.

Climax May Come Soon.

A clash between European interests and the Monroe doctrine may come sooner than most statesmen have expected it. The Nicaragua Canal may bring it on. If the peoples of the United States persist in their present determination to have the canal an all-American water way, a part of our coast line, as Mr. Blaine expressed it, and with fortifications and the right and the power to close it at any time, we may have to confront a united Europe. This is a problem which appears to be rapidly working to a climax, and within a year or two the crisis may be upon us.

Runaway Girl Is Detained.

Chicago, April 30.—Ella Ely, the 16-year-old daughter of Ben Ely, a farmer near Galesburg, Ill., is at the Harrison street police station. Her mother died when she was a month old, and three years later her father married a second time, and since then, Ella says, her life has been gloomy. Her father, she declares, often beat her with a horsewhip. Edwin Vermillion, a farmer, and her sweetheart, gave her money and induced her to leave home, promising to follow soon and marry her. She was taken in charge when she arrived here by Mrs. Sherman, a Y. W. C. A. agent at the Santa Fe depot, who gave her to the care of the police. The father was notified.

Two Killed by Falling Beams.

Birmingham, Ala., April 30.—By the collapse of the framework of the main building of the Dimmick Pipe and Foundry company, in the course of erection at North Birmingham, two men are dead and eleven are injured. At least two of whom will die. The building was 300 feet long and 100 feet wide. The dead: James McWhorter, David White. Fatally injured: William McWhorter, head crushed and internally injured; D. O. Padillo, fractured jaw and concussion of back. All the wounded were brought to the hospital here. The building is almost a complete wreck.

Annual Meeting of Theosophists.

Columbus, Ohio, April 30.—The annual meeting of the American Theosophical association was held in this city. About 160 delegates were in attendance, representing twenty branches. The officers' reports showed a steady growth of the theosophical movement. The following officers were elected: Dr. J. D. Buck, Cincinnati, president; Dr. Stewart, New York, vice-president, secretary and treasurer.

Delaware Sheriff Piles Lash.

Dover, Del., April 30.—Fully 1,000 people were present at the county jail here to witness the whippings of nine culprits, all colored, who had been sentenced for petit larceny. Four of the nine received twenty lashes. The lash was well laid on by Sheriff Wharton. Samuel Granger, an old offender, in addition to his lashes, was compelled to stand in the pillory for one hour.

Farmer Shoots Sweetheart.

Caldwell, Ohio, April 30.—W. D. Dickinson, a young farmer of Sharon township, Noble county, shot Miss Edna Wilkinson, a young school-teacher, on the streets of Live Green, nine miles west of here. Then he turned the revolver on himself and blew out his brains. A love affair, with extreme jealousy, was the cause.

There's no beauty in all the land. That can with her face compare. Her lips are red, her eyes are bright. She takes Rocky Mountain Tea at night. Smith's Pharmacy.

TO EXCAVATE FOUR THOUSAND LOADS

MANY MEN PLACED TO WORK
THIS MORNING.

In the Large Sandpit Owned by the Chicago & Northwestern Railway Company North of This City—Steam Shovel Set to Work Today—Gravel Will Be Used Along the Tracks.

Many men were placed to work this morning in the large gravel pit located north of the city and owned by the Chicago & Northwestern railroad company. It is estimated that in the neighborhood of 4000 car loads of gravel will be taken from the pit before the work is ordered suspended. This gravel will be transported to all sections of the road in this portion of the Badger state to be used for ballast purposes. This morning the large steam shovel was placed to work in the pit. During the past few days Contractor Patrick Ryan of this city has been busily engaged with men and teams in clearing the surface dirt away. A new temporary track has been laid over the ground to be excavated.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. ROCK PRAIRIE.

Rock Prairie, April 30.—Rev. S. G. Huey has presented his congregation with a new member in the shape of a fine girl who is now four days old.

Mr. Walter Pitcher has left home to spend the summer in the far west and the younger society set are all feeling deep regret at his departure.

Mrs. James Campbell of Madison, is visiting her daughter, Mrs. James Menzies.

Ralph Smith has been visiting his old friend and schoolmate, John Barlass. Misses Mae and Maud Dickenson have left for Chicago, where they will join their parents who have taken up their residence there.

The Y. W. S. S. club held their monthly meeting in the club house last Friday night. A very interesting program was rendered after which each member was presented with a beautiful badge bearing the club initials Y. W. S. S. in gilt.

Indications are that we will have a good crop and it is reported that the Edgerton tobacco buyer has again renewed his interest in the Prairie.

Hon. James Menzies has moved away his old fence and is fixing up the front yard.

The Ladies Missionary society will meet at the home of Mrs. C. M. Barlass next Friday p. m. Subject, "Famine in India."

MYSTERY OF A SUICIDE.

Beautiful Young Woman Fires Bullet Through Her Brain.

Chicago, April 30.—Miss Minnie M. Wray of Lincoln, Neb., was found dead in her room on the sixth floor of the Palmer house Sunday afternoon, her brain pierced by a bullet fired by her own hand. Mystery surrounded the suicide until an interview over the long-distance telephone with A. N. Ohler of Moline, Ill., revealed the identity of the young woman and the probable cause of her suicide. Over the telephone Sunday night Mr. Ohler said: "Miss Wray left here late last Thursday night, telling me she was going to Chicago on a visit. She had been visiting me about a week. This morning I received a letter saying she was about to kill herself and that I was the one in the world of whom she thought the most, and as no one else cared as much for her she would send to me by express all of her things. The only cause which I can ascribe for her suicide is that her beauty had attracted to her many suitors, all of whom she had rejected. As a consequence several are said to have turned out badly. I was not exactly engaged to marry her. We had talked about getting married, but I was not ready. I had known her nine or ten years. Her mother died about ten years ago at their home near Leedsville, Ind., where her father now lives, and she then went to live with her brother, George E. Wray."

HINDOO LYNCHED IN MISSOURI

Mindes Charged Taken from His Cell at Marshall and Hanged.

Marshall, Mo., April 30.—Mindes Chowgoe, the black man who in escaping from jail here two nights ago knocked the sheriff senseless and then shot his wife, was recaptured and returned to the jail. At midnight an orderly mob went to the jail, forced an entrance and lynched the negro to a tree in the courthouse yard. The negro claimed to be a Hindoo. He and a companion attacked the sheriff when supper was brought to them and knocked the officer senseless with his revolver. Sheriff Wilson's son, who attempted to interfere, was thrown against a wall. When Mrs. Wilson tried to prevent their escape the man lynched shot her in the shoulder. She is seriously hurt, but may recover. The sheriff then gave up the keys to the mob. The leaders entered the jail and beat the negro almost into insensibility. Then they rushed with him to the courthouse yard and hanged him to the limb of a large tree. Very little noise was made. Some of those in the crowd were indignant at the procedure. Very few, if any, of the townspeople were engaged in the riot.

Remarkable Cure of Rheumatism.

Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. Parsons. For sale by Smith's Pharmacy, kodak agents, next to post-office.

Foot and Javelin Express.

Toronto, Ont., April 27.—Sir John Hawkins Hagarty died here. He was till three years ago chief justice of the supreme court, and one of the most distinguished jurists in Canada. He was born in Dublin, Sept. 17, 1816, came to Canada in 1835 and was admitted to the bar in Toronto in 1840. He retired, accepting knighthood just before the queen's jubilee, in 1897. He was an eminent man of letters, some of his poems being of the highest literary merit.

Think Death Due to Murder.

Hot Springs, Ark., April 30.—Adolph Spitzel, known in all sporting centers of America, died here from concussion of the brain and it is believed he was murdered. He was found lying on the steps of a resort with blood flowing from his mouth, nose and ears. A rock was near Spitzel's head when found. His money and jewelry were untouched. Spitzel came from New Orleans several weeks ago.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 95 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

SEVEN SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

BRITISH GIVE UP PURSUIT.

Seem to Have Abandoned Hope of Cornering Boers.

A FLAT ENGLISH FAILURE.

Elaborate Movement of Great Army Is Fruitless—Troops Return to Bloemfontein—More Delay to Rest the Cavalry and Horses the Only Result.

London, April 30.—The only dispatch from Lord Roberts was the usual list of deaths and sickness. The flood of newspaper dispatches describing the recent operations throws no light whatever upon the present position of affairs or upon the great question as to when the main advance is to begin. The Standard's announcement that Gen. French's cavalry are returning to Bloemfontein is clear proof that there is no further hope of catching the retreating Boers and the London papers are beginning to display impatience at the practical failure of the elaborate operations of last week. The Standard says: "It is disheartening to find that these elaborate maneuvers have had so small a result."

The Daily Chronicle remarks: "We are reluctant to criticize Lord Roberts, but it is impossible to shut our eyes to the fact that during the last ten days we have gained very little from our enormous display of force."

Col. Dalgety's force at Wepener numbered 1,700. His losses during the siege were thirty killed and 149 wounded. It is reported that there was an artillery engagement at Karee Siding, but no details have been received.

The Morning Post's Bloemfontein correspondent, in a dispatch dated Saturday, protests against Mr. Wyndham's reply in the house of commons, which undertook to disconnect the delay in Lord Roberts' advance from the lack of horses. He says: "On the contrary, the necessity for a large and ever-increasing supply of remounts cannot be too urgently insisted on. The sacrifice of horseflesh in the past is as nothing when compared with the possibilities of the future. The area across which a cavalry screen must be thrown will necessitate an immense strain, and the consequent gaps must be filled as soon as they occur."

According to a special dispatch from Thaba Nchu, dated Sunday, the British troops, now that the adjacent country is cleared of the Boers, who trekked hurriedly in the direction of Ladybrand, will recuperate for a short period. Advices from Thaba Nchu, under date of Saturday, say: "The adjacent country is now clear, the Boers having retired toward Ladybrand. There are interesting developments ahead. Gen. French sent the Third and Fourth cavalry brigades on separate reconnaissances around the hills east of the town. The enemy, it was found, held the hills strongly, though evidently only a rear guard, as no transport was visible. The Boers are now holding a very steep row of hills east."

BRITISH CLOSE UPON BOERS.

Pursuers Reach Thabanehu and See the Enemy.

New York, April 30.—A dispatch to the Tribune from London says: "The rigorous censorship has excluded press news from the Free State for twenty-four hours. The war correspondents, owing to the extensive deployment of five divisions and two cavalry brigades, have with one or two exceptions, returned to headquarters at Bloemfontein, and their conjectures respecting the direction of the lines of the Boer retreat and the British operations have not been in accord. Gen. Roberts, in a midnight dispatch, presented a brief summary of the situation as he understood it at 3 o'clock Friday afternoon, but left several points in doubt. Gen. Hamilton, with the mounted infantry and one brigade of the Ninth division, had reached Thabanehu, where Gen. French joined him with his cavalry brigades yesterday morning. Rundle's division being a few miles south. The Boers were still holding the eastern outlet of the town and French and Hamilton were preparing to turn them out. Both Hamilton and French had made fine forced marches, but it was not clear whether the main body of the Boers had retired to Thabanehu from De Wets Dorp or had gone across the country toward Constantia to effect a junction with Olivier's forces retreating from Wepener. The former theory was more probable, but even in that case it was uncertain whether the Boers had remained in force or had."

Gen. Roberts reported that Gen. Brabson, with the yeomanry cavalry, had gone to far as Wepener and returned to De Wets Dorp, where Chermanside's division was still halting. Pole-Carew's division was either at De Wets Dorp or was marching toward Thabanehu. There was nothing from Wepener and no other official news except a few casualties and a report of an outpost affair near Bethulie. Gen. Roberts' operations are now conducted on so large a scale that the public here is dazzled by them, and requires some definite result, like another Paardeburg, in order to be convinced that he is making progress. The experts regard his maneuvers as masterly. It is now plain that after the two reverses at Paardeburg and at Mafeking the de-

cided upon a course of inaction in order to draw as large a body of Boers as possible into the southeastern district of the Free State, knowing that when he was ready he could deploy five corps against them, and hoping that he could cut off the retreat of the several commands. His maneuvers were almost too successful, since the Boers retreated from Wepener and De Wets Dorp before French could intercept them. A portion of the Boer force has been found at Thabanehu, and, in the course of twenty-four hours it will be known whether there is any chance of capturing it."

THOBURN SUED FOR \$150,000.

Young Woman Charges Him with Defamation of Character.

Springfield, O., April 30.—It seems that the departure of Bishop J. M. Thoburn for New York a few days ago was caused not only by his desire to attend the ecumenical council, but also because it was necessary for him to be present at the hearing of a suit for damages in the sum of \$150,000 in which he is the defendant. Several years ago, while Bishop Thoburn was in India, Miss Armstrong, a very handsome and stylish American woman, arrived for the ostensible purpose of converting the heathen, but as she had no connection with the Methodist Episcopal church there was soon a clash between her and the bishop. Miss Armstrong became the object of admiration from one of the wealthiest residents of India and a marriage was announced to take place between them. Bishop Thoburn went to the man and said something about the woman, but the marriage took place as was intended. In a few years Miss Armstrong left her husband and went to England. In New York some years later a subpoena was served on Bishop Thoburn in a damage suit for \$150,000 brought by Miss Armstrong for defamation of character.

AMERICAN NATIONAL INSTITUTE.

Sully-Prudhomme Says France Is Proud of United States Artists.

Paris, April 30.—The American National Institute was inaugurated last evening by a soiree given at the temporary premises of the institution under the presidency of M. Sully-Prudhomme, the poet. M. Massenet played several of his own compositions. M. Sully-Prudhomme at the conclusion of his inauguration speech, addressing Miss Machilde Smedley, founder of the institute, said: "The colony of artists of whom you are the directress will receive a most cordial welcome from their French confreres, who know what they have to gain through familiar and permanent contact with this select deputation of the young artistic genius of the United States. Allow me to express the great pride I feel in thinking that France, after contributing to the independent formation of America, is going to assist by her example and traditions in the intellectual and moral coronation of the United States."

United States Ambassador Porter and many other prominent members of the American colony were present.

Kansas Patriotic Sentence.

Hays City, Kan., April 30.—Sixteen-year-old Peter Goetz, who shot and killed his father on the night of March 29, was found guilty of murder in the second degree and sentenced to twenty-five years in the state penitentiary at hard labor. The body of Goetz was found lying in his door yard. A purse containing \$25 was taken from the body. At the trial the son confessed to shooting his father, giving as an excuse that the parent had been cruel.

Indiana Farmer Fires to Kill.

Thornblow, Ind., April 30.—Joseph Reese twice shot and mortally wounded S. C. Campbell near here. Soon after Reese came to town and surrendered voluntarily. He says he acted in self-defense. Reese was taken to Lebanon about noon and gave bond for his appearance. The trouble is said to have arisen over a slander involving a young woman. Both men are prominent farmers.

Abducts Daughter and Flees.

Los Angeles, Cal., April 30.—C. Cole took his three-year-old daughter from in front of her mother's eyes because his wife would not return to his home with him in Massachusetts. Cole placed the child in a buggy and despite the protestations of the young mother lashed the horses into a gallop and disappeared. He proceeded to the Southern Pacific depot and is now well on his way east.

To Relieve Starvation.

London, April 25.—Louis Klopsch, publisher of the Christian Herald of New York, left London for India, in order to investigate the famine and distribute the American relief. Previous to his departure Mr. Klopsch and Rev. Dr. T. DeWitt Talmage lunched at the Mansion house with Lord Mayor Newton, who expressed the most keen appreciation of the American charity.

Burglars Rob Virginia Bank.

Richmond, Va., April 30.—Eight men opened the vault of the Massanutten bank at Strasburg, Va., and blew open three safes, securing \$5,000. Negotiable papers and securities amounting to \$75,000 were untouched. The men escaped on a handcar on the Southern railway.

DEATH AT PARIS EXPOSITION.

Condemned Bridge Falls Upon Merry-makers.

NINE KILLED, FORTY INJURED.

The Public Was Not Allowed to Go Upon the Structure—Prompt Removal of Debris Falls to Save Lives of Several Who Were Beneath It.

Paris, April 30.—An accident within the exposition grounds caused the death of nine persons, and injured about forty others. A temporary bridge fell upon a passing crowd. The accident threw a pall over an immense throng who had profited by the magnificent weather to visit the exposition. Sunday's was probably the record attendance. Not merely the interior of the grounds, but the precincts also were crowded, and the concourse was particularly great along the Avenue de Suffren, which forms the northern boundary of the grounds. Here is situated a big sideshow, the celestial globe. A foot bridge on which the finishing touches were being put today, crosses the Avenue de Suffren connecting the sideshow with the exposition. It was constructed of wood and a stucco facade and with a plaster-made tower at each end.

Strangely enough, the bridge had been condemned only Sunday morning as unsafe by the exposition authorities. The public was therefore not allowed to go upon the structure, and in this way a disaster even more terrible than that which occurred was averted. The gay crowd was passing along the avenue, and some hundred or more persons were walking beneath the bridge when suddenly an ominous crash was heard. Before those underneath could turn aside the structure fell with a fearful crash, burying nearly fifty. A shout of horror rose from the spectators, mingled with the cries of the victims. For a moment nothing could be distinguished but a cloud of dust and plaster. A scene of the greatest excitement and confusion followed. But this lasted only a few seconds. Almost immediately the crowd attacked the debris in an effort to release those lying beneath. The workmen within the grounds who had witnessed the accident, the police and the republican guards, together with quite a number of soldiers, joined in the rescue work. The promenaders forgot their Sunday attire, and covered themselves with dirt and grime in tearing away the rubbish with their hands. Wooden beams and poles were brought from the half-finished buildings near by and used as levers to raise the fallen mass.

The victims first recovered were mostly only the injured, the dead being found later beneath the center of the structure. Messengers were dispatched to bring firemen and sappers with their equipments, and the first body was found after a quarter of an hour's frantic labor. It was that of a little girl about 7 years old, whose head was horribly crushed. Victim after victim was brought to light until a row of nine mutilated corpses had been placed upon the sidewalk and nearly forty other persons, some badly and others less seriously injured, had been carried in ambulances or driven to the hospitals. A family composed of father, mother and two girls narrowly escaped destruction. The parents, who happened to be a little ahead, had gone under the bridge, the children following, just at the moment of the collapse. The parents were killed, but the children sprang back and escaped with a few scratches. A cyclist had his wheel smashed, but himself escaped unhurt. The dead are three men, two women and one child. The weighty plaster towers seem to have been responsible for the fall of the structure. Commissioner-General Picard and other high officials of the exposition arrived shortly after the accident and superintended the work of relief. President Loubet sent an officer of his household for information. Several soldiers were among the injured and many of their comrades were foremost in giving assistance. The disaster was the leading topic of discussion in the cafes and at the other Paris resorts Sunday evening, and strong criticism was leveled against the exposition authorities for allowing an unfinished structure to jeopardize the lives of citizens, fears being expressed that the incomplete state of the works within the exhibition grounds themselves might lead to a similar accident.

SORES and Ulcers DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYNE, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.

Hixson is Ready; Are You?

That new map of Rock County which has been in the course of construction the past three months, is about ready. A few more days will complete the best Map ever put out for old Rock. The farms, villages, cities, streams, lakes, roads, school houses, town houses, churches, cemeteries, railroads, etc., etc., will all be shown and the entire plat will be as correct as it is possible to make it.

A great many people have given their orders and there are many more who should have the publication. Perhaps you are one of them.

If you have any business in Rock County at all you are certainly one of those who should have a map.

The Price, \$6.00,

Is a small matter in comparison with the great amount of good these maps will be for reference.

Your order will be cared for if you will send it to The Gazette office. Don't put it off longer in you would make sure of securing one.

WRITE TODAY.

Wisconsin Weather Forecast

Fair tonight and Tuesday cooler.

THIS DAY IN HISTORY.

1524—Chevalier Bayard, last of the knights errant, died in Italy; born 1476. Bayard came honestly by his martial disposition, three of his immediate ancestors having been killed in battle and his father many times wounded in the wars of his king. He entered the service at 18 and in his first battle captured a stand of colors. He died in battle, and when he fell the cause was lost.

1623—Francis Xavier de Laval, Montreal, first Canadian Roman Catholic bishop, born in Laval, France; died 1705.

1632—John Comte de Tilly, famous Imperialist soldier in the Thirty Years' war, died.

1771—Jesse Hutton, founder of reorganizer of the Universalist church in America, born at Richmond, N. H.; died 1852.

1789—George Washington inaugurated first president at New York.

1854—James Montgomery, British poet, died; born 1772.

1895—Fustur Eryoglu, the popular German novelist, author of "The Fish" and other notable works, died at Wiesbaden; born 1810.

LESS LIGHT, MORE IMPROVEMENTS.

The city's lighting contract expires next July, and the aldermen are now discussing the subject of its renewal. The members are wise in taking the matter up so far ahead, as the proposition presents several phases, and all the points should be taken consideration. Many people insist that the city is extravagant in the matter of lights. A few years ago the lighting fund was \$2,300, while today it is \$12,000—an increase of over four hundred per cent. This increase is out of all proportion when compared with the cost of other city departments, and the lighting fund is larger than any other except the school fund. The lights cost in 1899, more than the fire, water, and police departments combined. The combined ward funds of the city just equalled the lighting fund—the people paid as much taxes to maintain the lights as they paid for all other ward expenses combined. This expenditure is certainly extravagant—otherwise, the city must be considered prodigious in the matter of other expenditures.

Many public improvements are sadly needed in Janesville—improvements that can be had without increasing taxation if the lighting fund is reduced to a sum proportionate to other city funds. Lights should not cost more than from \$6,000 to \$8,000 per year, and the money thus saved will pay all the additional expenses of a modern police department, and interest, at 3 per cent., on a bond issue of \$100,000—enough to build a city hall and library, and start a sewerage system besides. In no other city department can any such saving be made, without crippling the service.

It is a waste of money to put arc lights on streets that are shaded by trees. Smaller lights, set closer together, and lower down will give better satisfaction, and cost much less. Arc lights should be used on the business streets and at railway crossings, etc., but gas, incandescent lights, gasoline Welsbachs or some other smaller lamp should be used in the residence districts. Furthermore, the city should buy its electric current by meter. A meter can be placed on each circuit of lights, and the taxpayers charged for what they get—no more, no less. Business enterprises buy their current this way, why should not the city do the same?

During the past six years, the city has paid \$72,000 for lights—several times the cost of a 156 lamp arc plant—and when the council gets ready to receive bids upon which to base a new contract, the aldermen should bear in mind the fact that the peoples' money pays the bills and the peoples' interest should be consulted—give us a little less light and we can have an efficient police department, a modern city hall, and get a start on a sewerage system, without increasing taxation one penny.

Twelve Wisconsin men are representing other states in congress, they being Senators Davis and Nelson, Minnesota; Thurston and Allen, Nebraska; Hansbrough of North Dakota, and Pettigrew of South Dakota. Congressmen: Foster, Washington; McCleary and Tawney, Minnesota; Haugen, Iowa; Gamble, South Dakota and Sheldon, Minnesota. If any other states need a good man or two, Wisconsin can furnish as many as are wanted.

Society note—It is rumored that the Hon. Dadd Flynn, the Hon. Lifty, and the Hon. Some of the sidewalks about town are in an exceedingly dangerous condition. A thorough inspection of all should be made, and the law enforced to the letter. Without defective sidewalks there can be no damage suits, and "an ounce of prevention" is still "worth a pound of cure."

GREAT RUSH IS ON
TO REACH CAPE NOME

FIRST STEAMER OF THE SEASON LEFT SEATTLE TODAY.

Nearly 6,000 Are Booked—Twenty-Five Steamships and Many Schooners Will Carry Gold Hunters North During May—Scramble For Gold Has Begun Early.

Seattle, Washington, April 30—Beginning today with the sailing of the steamer Jeanie of the Pacific Steam Whaling Company, the great rush for the Cape Nome gold fields will be on for the season.

The twenty-five steamships that will leave here for Nome during May have booked 5,888 passenger and 25,525 tons of freight for their first sailings, leaving less than 200 tickets available for May passages by steam. Sailing craft are leaving this port at the rate of two a day, and have been doing so for the last week.

The Jeanie, first to sail, will take eight passengers and 400 tons of freight from this port and expects to be one of the first to reach Nome when the obstructing ice has broken.

For several weeks people have been arriving here by the hundreds to get ready to make the northward trip, and have filled all the hotels to such an extent that it has been difficult for transient travelers to get accommodations. The steamship offices have been crowded with applications for berths and freight room, and many of the companies have been refusing passengers.

Of the twenty-five steamships that are scheduled to leave here for Nome in May, two promise to get away on the 1st, seven on the 10th, three on the 15th, one on the 17th, two on the 18th, five on the 20th, one on the 24th, two on the 29th, one on the 30th, and one on the 31st.

The vessels to sail on the 20th have booked 1,567 passengers and 4,900 tons of general merchandise. This probably will be the liveliest day of the year, as several vessels will also leave that day for Skagway.

Taking the average charge of \$90 per passenger and \$40 a ton for freight, it is seen that the steamships will get a total gross revenue during next month of \$1,561,300. The operators of fourteen of the vessels state that they intend to make four trips each to Nome during the season, five will make three trips each, and the remaining six one trip each.

The net registered tonnage of the steamers to sail next month is 25,652 tons, or a quarter of the entire tonnage departing for Alaska last year.

The value of the freight booked for the May sailings, estimated at \$100 a ton, which is a conservative figure, will be \$2,522,500.

MICHAEL EGAN DIED SUNDAY MORNING

HAS RESIDED IN JANESVILLE
FOR MANY YEARS.

Leaves Widow and One Son—Death of Garrigan Last Evening—James Brown Has Been Blind Since 1865 and Was Born in Ireland—Funerals Held Today Well Attended.

After one week's illness with pneumonia Michael Egan died Sunday morning at 7:30 o'clock at his home 456 South Jackson street, aged sixty-five years. Mr. Egan leaves a widow and one son, William Egan. Funeral services will be held from the residence tomorrow afternoon at 2:30, Rev. A. H. Barrington to officiate.

Russell R. Angell
The funeral of the late Russell R. Angell was held from the home, 208 South Bluff street, Sunday afternoon at 1:45 o'clock and from Court Street Methodist church at 2 o'clock, Rev. W. A. Hall conducting the services. The Masons and Odd Fellows attended in a body, the former conducting services at the grave. The pall bearers were James A. Paterson, L. H. Lee, L. M. Nelson, J. F. Hutchinson, J. G. Gray and John Slightman.

James Brown
James Brown, whose funeral was held Saturday, was born in Ireland in 1811 and since 1865 has been blind. He was made a Mason at a meeting of the Grand Lodge in Dublin in 1841. He came to New York in 1846 and was married to Mary Clark in St. John's Episcopal church Brooklyn October 16, 1846. From Brooklyn Mr. Brown came direct to Janesville where he has since resided.

Mary Loretta Garrigan
Mary Loretta Garrigan, daughter of Mr. and Mrs. John Garrigan, died last evening at 8:30 o'clock at 105 North Williams street. Funeral services were held this afternoon at 2:30 o'clock, the interment being in Oak Hill cemetery.

Mrs. William Gunn
Funeral services over the remains of the late Mrs. William Gunn were held this afternoon from the South Franklin street home.

INDIANS AND NEGROES

Great Game of Baseball Scheduled at
Evanville, Rock County on
June 8.

Evanville, April 30.—It is lucky that Evanville is so extremely fortunate as to secure two of the most noted attractions in the baseball world. It is a positive fact that a team composed of genuine Indians from the Western plains and reservations will play against the Columbian Giants, formerly the old Page wire fence team, champion colored team of the United States. It will be a hotly contested game as these teams have never played together before. The red men in the season of '99, through Nebraska, Iowa, Illinois, Ohio, Pennsylvania and New York, won 103 games and lost but 35. The Indians will live in their own tents and camp on the fair grounds while here. They are fine specimens of physical machoed, striking in appearance and straight as an arrow. The reputation that Evanville has for a first class ball play will insure success, and no pains will be spared to entertain and accommodate the immense crowds likely to witness this fascinating game. The time set for these teams to visit Evanville is June 8. Keep the date in mind and watch for further announcements. This will be the greatest attraction Evanville will have previous to the Fair, which is to be held Sept. 4, 5, 6 and 7.

ANNA DAVEY WANTS DAMAGES FROM CITY

SHE ALSO ALLEGES INJURIES
AS RESULT OF FALL.

This Time the Sidewalk is on Hickory Street—Council Meets This Evening in Regular Session and Will Transact Business of Various Kinds —D. W. Watt No Longer Assessor.

Anna Davey of this city has filed papers for damages against the city of Janesville for alleged injuries received by falling on an alleged defective sidewalk on Hickory street. The complaint does not state the amount asked for but it does state that the lady in question was badly injured and that she holds the city responsible. The interested attorneys are Fethers, Jeffris & Mount.

Council Meeting Tonight

This evening is the first regular meeting of the new council. City Clerk Badger has the usual grind of matter to place before the city fathers. D. W. Watt, recently appointed assessor for the east side, will hand in his resignation being unable to handle the work on account of other business.

WILLIAM RODLOFF ACCIDENTALLY SHOT

Ball Entered His Right Leg Two Inches Above the Knee—Young Man Resides in Jefferson.

William Rodloff accidentally shot himself yesterday afternoon while handling a revolver. The revolver was a thirty-two calibre ball entering the right leg two inches above the knee. Dr. James Gibson was called and with the assistance of Fred E. Sutherland probed for the ball but without success.

Rodloff resides in Jefferson and is but sixteen years of age. He has been working in tobacco here and of late has been in the employ of Dr. E. D. Roberts. The accident happened in Dr. Roberts' office on South Bluff street. Rodloff was handling a revolver when it suddenly discharged.

THE NEW TRAIN IS POPULAR

C. & N. W. Flyer Is a Great Convenience To Janesville People.

Janesville people will find the Chicago & Northwestern's new train to Chicago a great convenience, and a "flyer" in every sense of the word. The train leaves Janesville every day in the week at 10:10 o'clock in the morning and reaches Chicago at 12:25, the trip being made in two hours and fifteen minutes. A buffet car is attached, so that luncheon can be had on the train, or after arrival in Chicago, as best suits the convenience or taste of the passengers. Stops are made at Harvard, Woodstock and Crystal Lake, but nearly all the other stations are passed with stopping.

The addition of the train makes the Janesville-Chicago service all that can be asked. Nine trains per day each way, certainly fill all the requirements, but the new train, in many respects, is the most convenient on the list. Business men have ample time to make their arrangements for the day before the train leaves, and still reach Chicago in time for lunch. Four hours can be spent in the city, and by leaving Chicago at 4:25 p. m., the passengers will be back in Janesville again at 7 o'clock. If this arrangement does not give time enough, the passenger can return on the night train, the accommodation, the limited, or the midnight express.

Time is the measure of distance these days. A few years ago a trip to Chicago was quite an undertaking, but today two and a quarter hours each way is all that is required, and the train schedule is arranged so that the trip can be made with the minimum amount of business inconvenience so far as a loss of time is concerned.

That the latest addition will be exceptionally popular is generally conceded, and the company will find that Janesville people will fully appreciate its efforts to give good service.

IMPROVEMENTS IN OAK HILL

Committee Appointed This Morning to Look After Work

Oak Hill cemetery directors held a special called meeting at the cemetery chapel this morning and decided to make improvements about the chapel. The cemetery fountain will be placed in front of the chapel and will be surrounded by shrubbery and flower beds. In other portions of the grounds improvements are to be made. The following committee was appointed to look after the work: A. J. Denniston, W. T. Sherer and W. T. Yankirk.

PENSIONS FOR THE WIDOWS.

Recommended by Grand Army of the Republic.

BITTERNESS OF PUERTO RICANS

They Are Not at All Polite in Counciling Their Delicate for the United States—Native Police Uphold the Insults to Americans.

Washington, April 30.—Early this week the house committee on invalid pensions will make a favorable report on the bill based upon the recommendation of the G. A. R. in regard to pensions to widows. Under the present law, if a widow has an income greater than \$90 she cannot secure a pension under the dependent pension act, but this bill proposes to extend the amount of income to \$250. Representative Graft, who has been greatly interested in the subject, has been instructed by the committee to write the report on this measure. It has already passed the senate and the house committee has amended it so as to make it conform with the recommendations of the G. A. R.

Puerto Ricans Hate Americans.
Washington, April 30.—It is becoming evident to officials of the administration that a feeling of hostility for Americans in Puerto Rico is being displayed by the natives. Information which has been received here from an authoritative source shows that while the Puerto Ricans don't contemplate engaging in a revolt against the country, they are not at all polite in concealing their dislike for the United States. It is stated that it is not uncommon for Americans entering into business in Puerto Rico to have their stores robbed and the thieves walk away with their goods in broad daylight without interference from the native police. Other instances of shabby treatment of Americans have come to the attention of the officials, and this fact has much to do with the decision to retain troops in the island for the present.

To Codify All Laws.
Washington, April 30.—Late Saturday afternoon the house adopted a bill providing for the revision and codification of all laws of the United States. The report on this measure was made by Col. Warner of Illinois, and in speaking of the prospects of the measure in the senate he said: "I believe it will be adopted without delay. The necessity for legislation of this kind is urgent. There are on the statute books a number of provisions which have long since performed their office or were adapted to conditions which have ceased to exist. The retention of such provisions is cumbersome and confusing, and they should be eliminated. It has been twenty-seven years since the laws of this country have been codified. The cost of the revision will be little."

Condition of the Treasury.
Washington, April 30.—The statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption show: Available cash balance, \$147,843,631; gold, \$79,575,887.

Paris Treaty Claims in the House.
Washington, April 30.—The house devoted itself to the senate bill to create a commission to adjudicate the claims of citizens of the United States against Spain, assumed by this country by the treaty of Paris. The bill developed considerable opposition, and was finally recommitted to the committee on war claims, with instructions to report back a bill to refer the claims to the court of claims. The senate bills to recognize the services of Lieut. Newcomb and the officers and men of the revenue cutter Hudson, which rescued the torpedo boat Winslow at Cardenas, Cuba, by conferring gold and silver medals upon them, and to retire Capt. Hodgson of the revenue cutter Hugh McCulloch, for meritorious services, were passed.

Money Bill Discussion.
Representative Marsh was recognized by Speaker Henderson to ask unanimous consent to bring up the bill increasing the appropriation for armament and equipping the militia from \$400,000 to \$1,000,000. Representative Steele of Indiana said he would object unless Congressman Marsh agreed to accept an amendment offered by the Indianan. Congressman Marsh declined to accept the amendment, and, therefore, he was unable to secure consideration for his measure, but will make an attempt to get it up in the future.

SAMPSON FILES REPLY.
Responds to Allegations Made by Commander of the Resolute.

Washington, D. C., April 30.—Admiral Sampson has filed an answer to the petition of Commander Eaton of the United States steamer Resolute that he and the officers and men of that vessel be included in the suit brought by Admiral Sampson for award of prize money. Commander Eaton, in his petition filed last September, stated that the Resolute participated in the engagement when the Spanish squadron was defeated off Santiago and the officers and men of that vessel are therefore entitled to prize money, although they were not mentioned in Admiral Sampson's suit. The answer filed yesterday says the truth of the statements recited by Commander Eaton is neither admitted nor denied, but that all questions of fact or law drawn into question by the petitioner are to be determined by the court.

Play First Sunday Game.
Wheeling, W. Va., April 30.—The Wheeling and New Castle teams Sunday afternoon figured in the first Sunday game ever attempted in Wheeling. A squire served warrants and bond was given. Then the chief of police appeared with twenty policemen, but he was soon convinced the players could not be arrested twice on the same charge and the game proceeded. Ten innings were required. Kopeck pitched great ball. Scores:

Baseball Player Shot Dead.
Newport, Ill., April 30.—James Epps, a negro member of a Brooklyn (Ill.) baseball team, was shot and killed here by a negro known as "Mink" after an altercation in regard to the umpire. In the excitement which followed the killing two girls who had attended the game were bruised and cut about the face. "Mink" escaped.

Girl's Death a Death Torch.
Chicago, April 30.—Grace Andrews, 5 years old, was burned to death in the yard at her mother's house, 5113 Lake avenue. The mother, Mrs. William Andrews, and sister, Lottie, 10 years old, were seriously burned while attempting to put out the flames. The child played with matches.

CURIOUS CUCKOOS.

The cuckoo is generally known only as a bird with a very monotonous note; a continuous cry of "cuckoo, cuckoo" over and over again. Among naturalists, however, the cuckoo is known as a bird that never builds a nest for itself, but takes advantage of one already built by some more industrious bird.

There is a good deal of the cuckoo about these advertisers who, instead of making a success of their own, seek to profit by the success which some one else has made with much effort and labor. It is so with those imitations of Dr. Pierce's methods, by which free medical advice is offered, although those who make the offer are without qualified medical ability or experience. And the cry raised in some cases of "woman, woman, woman write to woman" makes the resemblance to the cuckoo even stronger.

There is as far as known no qualified woman physician connected with any proprietary medicine establishment, and none therefore competent to give medical advice. It is certain that there is no one, man or woman, who can offer free medical advice backed by such knowledge and experience as is possessed by Dr. R. V. Pierce, chief consulting physician to the World's Dispensary, Buffalo, N. Y. For over thirty years Dr. Pierce has made a specialty of the treatment of diseases peculiar to women. In that time he has treated over half-a-million women, ninety-eight per cent. of whom have been perfectly cured. Every sick woman is invited to consult Dr. Pierce by letter absolutely without charge or cost. Every letter is held as strictly private and sacredly confidential, and all answers are mailed securely sealed in perfectly plain envelopes bearing no printing whatever upon them.

Dr. Pierce's Favorite Prescription makes Weak Women Strong and Sick Women Well.

Houghton county has now upwards of 15,000 residents of Finnish birth and parentage, and 6,000 of Ironwood's 10,000 population are Finns. Ishpeming, Negaunee and Iron Mountain, all iron mining towns, and other centers of large Finnish population, to which heavy accessions are being made.

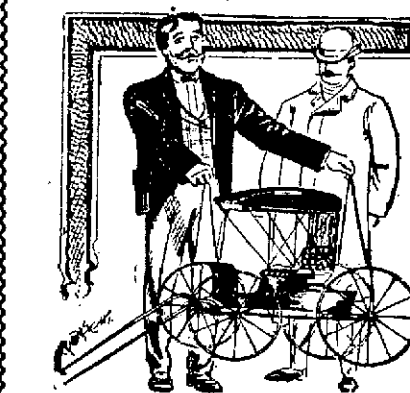

To War on Tuberculosis.

Naples, April 30.—The international tuberculosis conferences has concluded its sittings with the adoption of a resolution similar to that adopted at the Paris congress in 1898 proposing the formation of an international committee in the name of the three nations who took the initiative in summoning the congress with the object of forming an international league against tuberculosis.

A Smokeless Blue Flame

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated and as easily comprehended as an ordinary lamp. A child five years old can use it—no danger; cannot explode.

GOLD IN THE PHILIPPINES.

Montana Soldier Writes That Islands Are Rich in Minerals.

Writing to a Montana friend, a former member of the Montana volunteers grows enthusiastic over the outlook in the Philippines as regards gold mining, says a Helena dispatch to the Chicago Record. The writer, who is a practical miner, in part says:

"There is absolutely no reason to doubt that the placer mines of Luzon and Mindanao islands and some parts of Cebu are among the richest in the world, easy of access and no hardships to be encountered in reaching them as soon as the military government permits miners to enter them. Quartz mining is wholly undeveloped, but very rich specimens of white quartz carrying free milling gold have been brought in. However, few well defined veins have been discovered as the country is 'pockety.' Specimens brought in recently have run as high as \$65,000 to the ton in copper and gold.

"The rich deposits in Luzon are about 70 miles north and east of Dagupan. There is abundant water power for sluicing and hydraulicing. The native women in that country pan the alluvial sands with wooden bowls, frequently panning out \$3 to \$5 per day gold. Philippine gold goes about \$14 to the ounce. The rivers are lined with black and magnetic iron carrying fine gold. The gold is not flaky,

but small rough nuggets. Bedrock averages from six inches to 20 feet." A large number of ex-California and Montana volunteers are outfitting at Dagupan to make the rush as soon as permitted to enter the fields.

Sir Charles Warren's Morning Tub.

There is something extremely English in the story of Sir Charles Warren "doing trimbles," as Bouncer expressed it, in the open air on the battlefield of Vaul Kranz. Sir Charles under no circumstances interrupts his morning bath, says the London Daily News. On the occasion of Buller's last effort to relieve Ladysmith Sir Charles found it impossible to leave his post, so when day broke on the battlefield he ordered his servant to bring his bath, with sponge and towel, and there and then, in the open air, Sir Charles Warren, commanding the Fifth division, proceeded to take his bath, sublimely indifferent to the fire of the enemy. The enemy was perhaps too much astonished at the British eccentricity of bathing at all, much more of bathing in this extremely public fashion, to attempt any violent interruption.
